\$4,500

Bring the muddiest of boots. Country Package equips Defender to embrace the elements and make every journey truly memorable. For 90 only. Not compatible with Extended Bright Pack or XS Edition. Country upgrades are available and should be ordered separately.

1. Front and rear classic splash guards
2. Full height loadspace partition
3. Bright rear scuff plate
4. Wheel arch protection
5. Portable rinse system

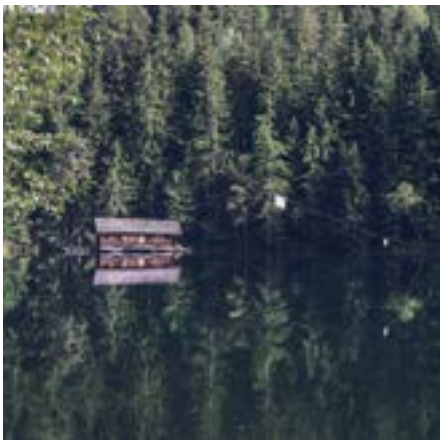

COUNTRY PACK - 110 \$4,500

Bring the muddiest of boots. Country Pack equips Defender to embrace the elements and make every journey truly memorable. For 110 only. Not applicable for PHEV. Not compatible with Extended Bright Pack or XS Edition. Country upgrades are available and should be ordered separately.

1. Front and rear classic mud flaps
2. Full height loadspace partition
3. Bright rear scuff plate
4. Wheel arch protection
5. Portable rinse system

EXPLORER PACK - 110 \$8,800

Defy conventions and conquer the most uncharted landscapes. The Explorer For 110 only. Not applicable for vehicles with V8 engines. Not compatible with Extended Bright Pack or XS Edition. Roof rails required for fitment. Not compatible with roof box. Explorer upgrades are available and should be ordered separately.

1. Front and rear classic mud flaps
2. Matte Black bonnet decal
3. Wheel arch protection
4. Raised air intake
5. Exterior side-mounted gear carrier
6. Expedition roof rack

ADVENTURE PACK - 110 \$7,100

Everything you need to head off the beaten track. For 110 only. Not applicable for PHEV or vehicles with V8 engines. Roof rails required for fitment. Adventure upgrades are available and should be ordered separately.

1. Front and rear mud flaps
2. Bright rear scuff plate
3. Exterior side-mounted gear carrier
4. Integrated air compressor
5. Portable rinse system

URBAN PACK - 110

\$3,200

Conquer the concrete jungle. Stand out in the suburbs with head-turning style, confidence and composure. For 110 only. All except X. Urban upgrades are available and should be ordered separately.

1. Bright metal pedals
2. Front undershield
3. Bright rear scuff plate

EXTERIOR STYLING

Matte Black Hood Decal

Enhance the appearance of your Land Rover Defender with this Matte Black hood decal. Includes a self-adhesive vinyl decal and two inserts with either '90' or '110' cut out detail to be applied as appropriate to the specific body style. For 90 and 110.

\$400

Bright Side Tubes - 110

Aluminum side tubes with bright finish, provide an off-road inspired appearance and complement the vehicle's exterior design while providing some protection to the doors and body sills during off-road driving. For 110 only. Not compatible with fixed side step or deployable side steps. PLEASE NOTE: Side tubes are not intended to be used as side steps. Fitting of side tubes may affect the off-road capability of the vehicle. Please contact your Land Rover Retailer for more information.

\$2,450

Deployable Side Steps Kit - 110, Pre 23MY

These smart, practical steps make it easier to get in and out of the vehicle and aid roof loading. Their unique, horizontal deploying motion minimizes impact on vehicle clearance height. Neatly stored under the sills, the side steps automatically deploy as soon as the door is opened, or when activated by the key fob and store automatically when the door is closed. The deployable side steps are sensitive to obstructions and will not deploy in off-road or low range settings. Automatic mode can be overridden to allow access to the roof when the doors are closed. These side steps are Satin Black aluminum step extrusions with a black moulded rubber mat, which is embossed with the iconic checkered design and the 'Defender' logo. Maximum load capacity of 270 kg on each side of the vehicle. Kit includes right and left side steps, side step undershields, module and harness. Pre 23MY. For 110 only. The deployable side steps are compatible with front splash guards. Not compatible with fixed side steps or side tubes. Fitting of side steps may affect the all-terrain capability of the vehicle. Please contact your Land Rover Authorized Retailer for more information.

\$6,400

Fixed Side Steps - 110

Fixed side steps are a popular upgrade choice, assisting access into and exit from the vehicle, as well as providing a rugged, off-road style to the vehicle. The steps are Satin Black aluminum tube, with cast metal steps with a Silver finish and a black moulded rubber mat. They have the iconic Land Rover Defender checkered design embossed in the rubber to complement the checkered accent on the bonnet. With two steps on each side the Land Rover Defender 110 has a maximum load capacity of 270kg each side of the vehicle, and up to 135kg for each individual pad. For 110 only. 110 features two step pads on each side. Not compatible with deployable side steps or bright side tubes. Fitting of side steps may affect the off-road capability of the vehicle. Please contact your Land Rover Retailer for more information.

\$2,800

INTERIOR PROTECTION

110, 5 Seat, with Rubber Mats

Provides the ultimate protection and a stylish finishing touch. The Interior Protection Package includes the loadspace rubber mat with bumper protector and deep-sided rubber floor mats. For 110 only. For vehicles with 5 seats.

\$600

90, with Rubber Mats

Provides the ultimate protection and a stylish finishing touch. The Interior Protection Package includes the loadspace rubber mat with bumper protector and deep-sided rubber floor mats. For 90 only.

\$700

110, 5 Seat, Rubber and Luxury Mats
Provides the ultimate protection and a stylish finishing touch. The Interior Protection Package includes the loadspace rubber mat with bumper protector and luxury carpet mats. For 110 only. For vehicles with 5 seats.

\$800

90, with Rubber and Luxury Mats
Provides the ultimate protection and a stylish finishing touch. The Interior Protection Package includes the loadspace rubber mat with bumper protector and luxury carpet mats. For 90 only.

\$900

110, 5 Seat, Rubber and Luxury Mats
Provides the ultimate protection and a stylish finishing touch. The Interior Protection Package includes the loadspace rubber mat with bumper protector and luxury carpet mats. For 110 only. For vehicles with 5 seats.

\$800

EXTERIOR PROTECTION

Front Undershield

A robust, 5 mm anodized aluminum front undershield with a bright finish provides protection to the front lower bumper area and radiator when driving off-road. The undershield is also reinforced by the mounting assembly which enhances the protection. Allows easy access to the recovery loop which facilitates recovery of the vehicle if grounded. Rigorously tested to adhere to all pedestrian protection regulations, the undershield includes enhanced and comprehensive corrosion resistance to withstand harsh environments. For 90 and 110. Please contact your Land Rover Retailer for more information.

\$2,300

Raised Air Intake

Ideal when driving in dusty or sandy conditions, the raised air intake helps protect the engine by taking in cleaner air from an elevated position, above the hood, and therefore reducing the amount of dust particles taken into the air filter. Manufactured from a high-quality, durable plastic with an Anthracite coloured finish, it secures to the vehicle's 'A' post and utilizes the existing air intake vent fixings. For 90 and 110. Not applicable for vehicles with V8 engines. PLEASE NOTE: The raised air intake does not extend the vehicle's wading capability beyond the standard wading depth of 900 mm.

\$1,450

Wheel Arch Protection - 110

Providing extended protection and enhancing the exterior style of the vehicle with a more rugged appearance, the wheel arch protection is manufactured from a high-quality, durable plastic with an Anthracite coloured finish. Easy to fit, they are ideal for protecting the wheel arches when driving off-road. For 110 only. Not applicable with Extended Bright Pack or XS Edition.

\$1,400

Bright Rear Scuff Plate

A stainless steel bright rear scuff plate protects the bumper from scratches and scuffs while loading or unloading the vehicle and also from scrub and brush when driving off-road. For 90 and 110.

\$600

Classic Splash Guards

Splash guards are a popular upgrade that reduce spray and enhance the level of protection to the paintwork from debris and dirt. These larger, flexible, classic mudflaps complement the vehicle's exterior design and echo the heritage of Land Rover Defender.

\$700

Splash Guards

Mudflaps are a popular upgrade that reduce spray and enhance the level of protection to the paintwork from debris and dirt whilst complementing the vehicle's exterior design.

\$650

INTERIOR STYLING

Deep-Sided Rubber Mats - 110, 5 Seat

For the ultimate in footwell protection, this set of synthetic rubber mats contains deep-sided rubber mats for the first row and standard rubber mats for the second row. Perfect for containing sand, mud, water or snow from driver's and passenger's feet when returning to the vehicle. The mats are available in Ebony with a Bright finish metal, Land Rover branded ingot and the front mats follow the slope of the footwell for added protection. Both the first and second row mats attach securely to the floor with retention clips. For 110 only. For vehicles with 5 seats.

\$350

Loadspace Divider

This useful divider can be fitted to the loadspace partition to separate the loadspace area into two sections, convenient for separating fragile or dirty items. For 110 only. Fits behind second row seats only. Compatible with both full height and half height loadspace partition.

\$450

Loadspace Full Protection Liner

The loadspace full protection liner is the ideal solution to fully protect the loadspace when transporting large or dirty items. It is designed to cover the loadspace floor, sides, headliner and the inside rear door, providing full protection to the loadspace area from wet or muddy items like boots, garden waste, or leisure equipment. The liner anchors securely to the 'D' loops to keep it in place and as the full interior is covered it also keeps bulky objects hidden from view, providing additional security. When loading, the padded panel drops down and acts as a bumper protector and a side zip allows easy access to the loadspace area. For 110 only.

\$200

Loadspace Partition - Full Height

Designed to prevent luggage or other items stored in the loadspace area from entering the passenger compartment. Fits to the base of row two seating and to fixings in the roof lining. Complies with ECE-17 regulation.

\$1,400

Loadspace Partition - Half Height 110 Only **

Designed to prevent luggage or other items stored in the loadspace area from entering the passenger compartment. Fits to the base of row two seating and to fixings in the roof lining. Complies with ECE-17 regulation. For 110 only. Fits behind second row seats only.

\$850

Loadspace Partition Net - 110

Convenient loadspace partition net provides a soft alternative to the loadspace partition. Helps protect passengers from stored items in the loadspace area. The net fits to the loadspace 'D' loops and fixings in the roof lining. The net is easily detachable when not required. For 110 only. Fits behind second row seats.

\$450

INTERIOR STYLING

Protective Second Row Seat Cover

Protects second row seats, door linings, floor and back of first row seats from damp, dirt and general wear and tear.
For 110 only.

\$400

Loadspace Semi-Rigid Liner - 110

Increase the protection of the loadspace area with the loadspace semi-rigid liner which features 50 mm high raised edges to both sides and the rear, protecting the interior trim from muddy or wet items. The liner also has an integrated bumper protector which protects the bumper from scuffs and scratches while preventing dirt transferring to clothing when loading and unloading the vehicle. The bumper protector can be stored under the liner when not in use. For 110 only.

\$400

Loadspace Rubber Mat - 110

The loadspace synthetic rubber mat is a waterproof mat, tailored specifically to protect the rear loadspace from muddy or wet items. The mat is Land Rover branded, has a non-slip surface, retaining lip and is easily removed for cleaning. The mat also has a very useful bumper protector, which protects the bumper from scuffs and scratches while loading and unloading the vehicle. The liner can be stored under the mat or detached when not in use. For 110 only.

\$350

Quilted Loadspace Liner - 110 Only

This tailored liner covers and protects all the carpeted areas of the loadspace including the floor, second row seat backs and loadspace side walls. Manufactured from a soft quilted fabric, with an integral rubber base and detachable bumper protector it is easy to wipe clean. For 110 only.

\$700

FUNCTION & TECHNOLOGY

Integrated Air Compressor

The integrated air compressor can be used to both inflate and deflate to pre-set defined pressures. Designed for adjusting tire pressures as well as to inflate bicycle tires with Schroeder valves, air beds and other inflatable items such as the inflatable waterproof awning. Permanently integrated into the loadspace, and with an Eiger Grey finish it complements other loadspace trim features, with minimal impact on storage space. The hose is extendable to reach all tires easily and comes in a highly visible, bright orange finish to minimize trip hazards in low light. The easy to use dial and digital display can be set to required pressure and includes three nozzles attachments to suit a variety of applications. The hose is 5m, self-coiling and is provided in a Land Rover branded, hard wearing 600D nylon black bag with a zipped opening and carry handle for convenient storage. It also has a carabiner for secure storage to a 'D' loop. For 90 and 110. Not applicable for PHEV. Compressor specifications: Max pressure: >60psi (>4.1 bar) and Airflow: 28L / min @ 40psi and provides an extended run to enable pressure optimization of all four tires in one go. Engineered to operate in extreme environments.

\$2,100

TREAT YOUR PASSENGERS TO FIRST CLASS

Click and Play*

This removable tablet holder attachment can be easily positioned at multiple angles for in-cabin comfort and rear entertainment.

\$350

*Available for iPad Air®, iPad mini™ 1-3, iPad® 2-4 and Samsung® 10.1"

CLICK AND GO

The Click and Go range is a multi-purpose seat-back system for second row passengers. The versatile Click and Go Base attaches between the headrest mountings and further attachments can be added to hold tablets, bags and shirts or jackets. Each attachment is sold separately. The base can be easily removed when not in use.

Click and Work

This folding table offers the rear passengers a practical surface from which to work, particularly useful on long journeys. It also has a cup holder and is height and angle adjustable for in-cabin comfort.

\$305

Click and Hang

This removable coat hanger allows shirts or jackets to be kept crease-free while transporting. Also includes an integral hook for use outside the vehicle.

\$175

Click and Hook

This Universal hook creates extra storage space for items to be hung, especially useful for handbags or groceries.

\$115

FUNCTION & TECHNOLOGY

Luggage Retention Net – 110 Only

Prevents items and luggage from moving around the loadspace during transit. Utilizes the loadspace 'D' loops and includes floor net and two ratchet straps which are approximately two metres long. For 110 only.

\$400

Loadspace Rails

Loadspace rails increase the flexibility of loadspace stowage by allowing the fitment of the loadspace security box. For 110 only. Not applicable for 5+2 seat vehicles.

\$800

Garage Door Opener (HomeLink®) - Smart Mirror

The HomeLink® System is a universal transmitter fitted to the underside of the interior rear view mirror. This transmitter can be programmed to operate up to three home or office wireless controlled systems, such as garage doors, automatic gates, or security lighting. By replacing the individual remote control units normally required for each system, the driver no longer needs to search the car interior for the correct handset when needed. For 90 and 110. For vehicles fitted with smart mirror. HomeLink® is a registered trademark of Gentex Corporation.

\$2,000

Premium Seat Back Storage

Manufactured from the same premium leather offered on the vehicle, complemented with soft touch interior lining and magnetic button clasps. Provides a convenient storage solution for the rear of the front seats with multiple compartments for storing small items. For 90 and 110.

\$450

Seat Back Storage

Provides a convenient storage solution for the rear of the front seats with multiple compartments for storing small items. For 90 and 110.

\$200

FUNCTION & TECHNOLOGY

Centre Armrest Cooler/Warmer

Food and drinks cooler and warmer that acts as a rear centre armrest. With a leather-covered top, it is held in place by the centre seat belt and powered from the rear auxiliary socket. Ideal for long journeys with the family. For 90 and 110.

\$750

Collapsible Organizer

Collapsible luggage organizer keeps items from shifting during transport. Can be easily folded away when not in use. For 90 and 110.

\$200

Dash Cam

The Land Rover dash cam records footage of driving events and incidents and is designed to integrate seamlessly into your vehicle's cabin and electrical system. Engineered to have low power consumption for extended use, the dash cam features full HD front and rear video cameras to capture and record driving events. Key features:

- The front camera is removable with fixed viewing angle.
- The rear camera is fixed but with an adjustable viewing angle.
- G-sensors trigger recording in the event of an accident or heavy braking.
- Integrated radar system† enables recording when your parked vehicle is approached.
- Manual record option allows the user to record additional events that they witness.
- On-board GPS enables optional speed and location data to be linked to the video files creating detailed records of each event.
- Includes 32GB SD card for storing recordings.
- Recordings can be accessed and controlled by the optional Apple or Android Smartphone apps or via a web browser.

Not compatible with windscreen sun shield. †Only available on certain vehicles, please contact your Land Rover Authorized Retailer for more information. To preserve the 12V battery life it may be necessary to disable this feature on some vehicles.

\$1,250

CREATURE COMFORTS

Portable Rinse System

Designed to be used outside the vehicle, the portable rinse system provides a convenient solution for rinsing outdoor equipment such as muddy boots, bikes and wetsuits before loading. Depending on the setting selected, this portable rinse system will deliver a minimum of two minutes of continuous water flow through a shower hose style attachment. Without the need for batteries or external power, the system utilizes pressure captured when filling from a tap, and an integrated hand pump allows the user to pressurize if filling the water tank away from home. Featuring a Land Rover branded cover and handle, with an additional storage bag it can be secured to the loadspace 'D' loops during transit. For 90 and 110.

\$700

Portable Rinse System

The foldable pet carrier provides a safe, comfortable environment for the transportation of pets, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle. Manufactured from a durable 600D nylon the foldable pet carrier has a lightweight metal frame and includes a quilted fabric cushion, net windows and a spring loaded locking mechanism which snaps into place when required. Reinforced carry handles and corner pieces provide a premium finish, with a side pocket providing a convenient stowage option for other pet accessories or small items. Height 52cm, width 52cm, length 72cm. For 110 only.

\$700

PET PRODUCTS

Practical pet pack accessories

Pet Access Ramp

Designed with optimal dimensions and angle, the pet access ramp assists pets into the loadspace area without the owner having to lift them, making it ideal for owners who regularly carry dogs or other pets in the loadspace area of their vehicle. The ramp is suitable for use for pets up to 85kg and features aluminum side panels and a plastic centre section with a high-grip tread pattern. Rubber feet help to prevent the ramp slipping and retaining straps secure it to the loadspace 'D' loops, providing a lightweight but robust, practical solution. The ramp weighs 8kg and can be folded for stowage in the stowage bag provided. Height 11cm, width 41cm, length when open 193cm and length when closed 83cm. For 110 only. Large.

\$800

Spill Resistant Water Bowl

Providing a convenient solution for use in transit or outside of the vehicle, the spill resistant water bowl incorporates a clever design feature which redirects water towards the centre of the bowl when the water is disturbed, making it ideal for owners who regularly carry dogs or other pets in their vehicle. The bowl retains an open area allowing your pet to take a drink at all times, has an anti-slip rubber base and also a retention strap for securing it to the loadspace 'D' loop. The bowl has a spill resistant capacity of 350ml. For 90 and 110.

\$100

CARRYING

Deployable Roof Ladder

Exclusive to Land Rover Defender, the deployable roof ladder is a key innovative and stylish interpretation of the traditional Land Rover Defender accessory. Designed to enhance the vehicle's exterior style, it has been optimized to minimize wind noise and has a unique, two stage deployment to ensure a compact size when stored. Mounting to fixings in the body side and roof, it maximizes roof accessibility. The roof ladder is lockable when in the stored position to ensure it is secure. The ladder has anodized aluminum steps with black, powder-coated aluminum sides, set in a high-quality, durable plastic with an Anthracite coloured finish frame. For additional durability the top and bottom steps are rubber coated to help improve grip. The maximum weight capacity of the ladder is 150kg, sufficient for a person carrying equipment to the roof. For 90 and 110. Not applicable for vehicles with V8 engines. Roof rails required for fitment. The ladder will fit to both sides of the vehicle, however if the vehicle is already fitted with the exterior side-mounted gear carrier, it can only be fitted on left hand side. Compatible with all roof carrying accessories.

\$1,700

Expedition Roof Rack - 110

The expedition roof rack has a low line, lightweight and fully integrated design which enhances the exterior style of the vehicle while providing easily accessible, extended roof carrying capability. It is designed for aerodynamic performance and to minimize wind noise. The expedition roof rack fits directly to the roof rails, providing a flexible roof carrying solution that can be removed when not required. It also comprises T-track bars to allow a variety of items to be attached. The expedition roof rack is manufactured from anodized aluminum rails set in a cast alloy powder-coated black frame. The bespoke design maintains the opening function of the sunroof and compatibility with the antenna reception. When fitted, the maximum carrying capacity of the expedition roof rack is 132 kg depending on tire specification. For 110 only. Not applicable for vehicles with V8 engines. Roof rails required for fitment. Not compatible with cross bars or roof box. Consideration should always be given to vehicle's maximum roof load capacity to ensure this is not exceeded. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. Items carried on the roof may restrict the opening of the vehicle's sunroof when fitted. Care should be taken when opening the roof to avoid collision with any items fitted above the vehicle.

\$3,000

Exterior Side-Mounted Gear Carrier

Exclusive to Land Rover, the exterior side-mounted gear carrier provides easy to access storage on the outside the vehicle. Designed for aerodynamic performance and to minimize wind noise, it is material tested to ensure it can withstand harsh environments. It is also compatible with the radio antenna, however metallic objects inside the gear carrier may affect radio performance. This exterior carrier is lockable, waterproof and is perfect for carrying walking boots, wetsuits or other items that you may prefer not to carry inside your vehicle. It has a stay to hold the lid safely open when loading or unloading. An interior net ensures that contents remain secure when in transit and is contained when opening the lid. It also has a rubber stopper in the base to facilitate cleaning and drainage. Finished in Ceres Silver Satin with a Land Rover badge, it has a capacity of 24 litres with a maximum carrying capacity of 17 kg. For 90 and 110. Not applicable for vehicles with V8 engines. Roof rails required for fitment. Fits to the right hand side of the vehicle only. Not compatible if the ladder is fitted on the same side of the vehicle. PLEASE NOTE: Once fitted, the exterior side-mounted gear carrier and bracket are not intended to be removed from the vehicle.

\$1,700

Roof Box

Roof mounted storage box with sleek, aerodynamic design to help minimize drag and wind noise. Manufactured from premium materials for elegant appearance, with Gloss Black finish and durability in harsh environments. The dual-side opening feature allows the roof box to be opened from both sides for convenience. The power-click, quick-mount system with integrated torque indicator allows for fast and secure fitment using one hand only. The roof box is lockable for security. The central safety locking system ensures that the key can only be removed from the lock when all locking points are securely closed. The roof box is TUV approved and meets City Crash test requirements. External dimensions: 1,704mm long, 861mm wide, 448mm high. Volume 400 litres. Box weight 17.5kg. The maximum carrying capacity of the roof box is 75kg. For 90 and 110. Not applicable for vehicles with V8 engines. Roof rails and cross bars are required for fitment. Not compatible with expedition roof rack. Consideration should always be given to the vehicle's maximum roof carrying capacity to ensure this is not exceeded. Please refer to the Owner's Handbook for details of your vehicle's roof carrying capacity. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. Items carried on the roof may restrict the opening of the vehicle's sunroof when fitted. Care should be taken when opening the roof to avoid collision with any items fitted above the vehicle.

\$1,550

Roof Rails - 110

Elegantly designed roof rails facilitate fitment of cross bars which enable a range of roof carrying accessories to be fitted. The roof rails are tested to withstand harsh environments including corrosion resistance. Manufactured from aluminum with a Gloss Black finish and black plastic end caps they complement any body paint colour. Pre-set positioning points ensure cross bars are fixed in optimum position for weight distribution and dynamics. City Crash tested and also ISO-PAS 11154 compliant. When fitted, the maximum carrying capacity of the roof rails is 100 kg. For 110 only. Not applicable for vehicles with V8 engines. Consideration should always be given to vehicle's maximum roof load capacity to ensure this is not exceeded.

\$1,550

Cross Bars - 110

Designed and engineered specifically for Land Rover Defender, the cross bars are optimized for aerodynamic performance and to minimize wind noise. Manufactured from anodized aluminum for premium appearance, they are easy to fit with torque control tool included. The pre-set positioning ensures the cross bars are fitted to the roof rails in the optimum position for weight distribution and dynamics, providing you with additional confidence in safe roof carrying. Lockable for enhanced security, they include a T-track design to facilitate installation and removal of roof carrying accessories. Material tested to withstand harsh environments including corrosion resistance. City Crash tested and also ISO-PAS 11154 compliant. When fitted, the maximum carrying capacity of the cross bars is 94 kg. For 110 only. Not applicable for vehicles with V8 engines. Roof rails required for fitment. Consideration should always be given to vehicle's maximum roof load capacity to ensure this is not exceeded. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. Items carried on the roof may restrict the opening of the vehicle's sunroof when fitted. Care should be taken when opening the roof to avoid collision with any items fitted above the vehicle.

\$600

Wheel Mounted Cycle Carrier

A roof mounted bicycle carrier which is easy to fit and mounts to the T-tracks of the cross bars. Manufactured from premium materials to withstand harsh environments, it is also a TUV approved system and meets City Crash test requirements. Suitable for bike frames up to 100 mm. Can be fitted on either side of the vehicle's roof. Quick-release wheel straps allow convenient loading and unloading. Securely keeps bike in place with locks included for both bike to cycle carrier and cycle carrier to cross bars. Carries one bike per holder and a maximum of three holders can be fitted. The maximum bike weight is 20 kg per carrier. For 90 and 110. Not applicable for vehicles with V8 engines. Roof rails and cross bars or are required for fitment. Consideration should always be given to vehicle's maximum roof carrying capacity to ensure this is not exceeded. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. Items carried on the roof may restrict the opening of the vehicle's sunroof when fitted. Care should be taken when opening the roof to avoid collision with any items fitted above the vehicle.

\$400

Aqua Sports Carrier

Suitable for carrying a sailboard, canoe or kayak. Includes lockable multi-purpose holder to carry oars or paddles. Tilts to facilitate loading/unloading. Features lockable straps and rubber supports to maintain optimum weight distribution while protecting the kayak and vehicle from scratches and scuffs. When fitted, the maximum carrying capacity of the aqua sports carrier is 45 kg. For 90 and 110. Not applicable for vehicles with V8 engines. Roof rails and cross bars are required for fitment. Consideration should always be given to vehicle's maximum roof carrying capacity to ensure this is not exceeded. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. Items carried on the roof may restrict the opening of the vehicle's sunroof when fitted. Care should be taken when opening the roof to avoid collision with any items fitted above the vehicle.

\$750

Ski And Snowboard Carrier

The ski and snowboard carrier is designed to fit directly into the cross bar T-tracks and incorporates slider rails so the carrier can be extended for easy loading and unloading. Soft rubber arms hold the skis and snowboards securely in place without scratching or damaging their surfaces. Oversized push buttons facilitate opening and closing while wearing gloves. The one key lock systems locks the skis or snowboards to the carrier and the carrier to the vehicle for enhanced security. The carrier can carry either four pairs of skis, or two snowboards, or two pairs of skis and one snowboard. It is designed to carry most types of skis and snowboards including those with tall bindings. When fitted, the maximum carrying capacity of the ski and snowboard carrier is 36 kg. For 90 and 110. Not applicable for vehicles with V8 engines. Roof rails and cross bars or expedition roof rack are required for fitment. Consideration should always be given to vehicle's maximum roof carrying capacity to ensure this is not exceeded. Objects placed above the roof mounted satellite antenna may reduce the quality of the signal received by the vehicle and could have a detrimental effect on the navigation and satellite radio systems, if fitted. Items carried on the roof may restrict the opening of the vehicle's sunroof when fitted. Care should be taken when opening the roof to avoid collision with any items fitted above the vehicle.

\$750

TOWING

Towing System - Tow Hitch Cover, NAS

Protect your 2" tow hitch receiver from dirt and debris with this durable tow hitch cover. Made from rubberized exterior-grade plastic, it includes a custom lanyard to help keep the cover safe from loss if accidentally removed. For 90 and 110.

\$4,400

Towing Hitch - Air Suspension

The tow hitch is designed to offer optimal tow ball height. Includes hitch with 50mm ball and locking hitch pin. Supplied in Land Rover branded carry case. For 90 and 110. For vehicles fitted with air suspension.

\$650

Winch Accessory Kit

The winch accessory kit includes two 'D' shackles, a snatch block, a 2" x 8 feet tree trunk protector, a pair of heavy duty leather and cotton gloves and a winch manual, and all provided in a rugged, red nylon soft case. For 90 and 110.

\$300

Remote Control Electric Winch w/ Winch Mounting Kit For Air Suspension - 110

Superior capability can be achieved through the addition of a powerful, remote control, electric winch. Designed to fit to the front of your Land Rover Defender, this winch comes with wireless remote control with a remote controlled clutch, allows safe operation away from the vehicle. Manufactured by Warn, the Zeon Platinum 10-S has a pre-set maximum pull force of 4,536 kg/10,000 lbs via the overload device. Supplied with 80 feet of 3/8" Spydura synthetic rope, making it more practical, user-friendly and easier to handle. For 90 and 110. Harness included. A winch mounting kit is required for fitment and should be ordered separately. Not compatible with front expedition protection system and 'A' frame protection bar.

\$16,000

The winch mounting kit is required for fitment of the remote control electric winch and is made up from winch cradle, pedestrian-friendly winch cover, camera bezel, two parking aid sensors and crush cans. For 110 only. Not applicable for vehicles with V8 engines. For vehicles fitted with air suspension, without Chrome bumpers. Not compatible with front expedition protection system and 'A' frame protection bar.

SPARE WHEEL COVER

Spare Wheel Cover

Protects the rear-mounted spare wheel from mud and dirt. This stylish, spare wheel cover has a moulded black painted face with a Ceres Silver Satin insert which is embossed with the distinctive Land Rover Defender logo. A drainage hole at the base allows any moisture to escape. Easy to fit with an elasticated self-adjusting band, resulting in a smooth fit around the tire. For 90 and 110. Fits 18" to 22" wheels.

\$400
